Seminal emission is the consequence of self-abuse. This solitary vice, or depraved serval indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow constenance, dark spots under the eyes, pain in the head, riging in the ears, noise like the rustling of leaves or rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, dimensed in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, pimples and various eraptions about the face, hectic flushes, furred togue, forbid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, you should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of training disease, which never fails of effecting a quick and radical cure.
